SUNDAY 9TH MAY 2010

HERTS COUNTY AUTO & AERO CLUB

Debden Spring Sprint Debden Airfield, Essex Sunday 9th May 2010

Herts County Auto & Aero Club is proud to present the first of our two sprints to be held this year at Debden airfield, which is part of Carver Barracks, home of the 33 Engineer Regiment (Explosive Ordnance Disposal).

The course is over a mile long with interesting and fairly fast left and right bends.

The airfield where our course is situated, is separated by a security fence from Carver Barracks. We have no access to the Barracks. Everybody attending will need a special entry ticket, provided by the club, and must come in by the marked gateway as sign-posted on the day. This is a *different* entrance from the main entrance to Carver Barracks.

Overnight camping is permitted, but for access reasons it is necessary to arrive between 14:00 and 17:00 on Saturday the 8th. Contact the entries secretary for more details.

If you cannot compete, have you thought about marshalling? Marshals are always welcome and, as spectators will not be allowed, marshalling will ensure that you can enjoy a good day's sport. As an incentive all marshals that sign on will receive a free lunch voucher for use at the catering vehicle.

No experience is necessary, as we have a competent leader for each post. If you are interested, please contact Brian Horne, Tel: 01277 219745 email: info@hertscountyaac.co.uk.

Offers of help with setting up on the Saturday prior to the event would be most welcome (from 2pm).

SPECIAL NOTICE

The Debden Sprint Circuit is at risk of losing its Motor Sports use licence. Complaints of noise nuisance have been made to Uttlesford D.C. The problem has been caused by a combination of a number of different events such as Stage Rallies, Karting, as well as the Sprints run by H.C.A & A.C.

We have managed to negotiate with the Environmental Health Dept. of Uttlesford D.C. the use of the venue for sprint events. However, we have had to concede on a number of matters as follows:

1. No competitor should attempt to arrive before 07.30 a.m.
2. Modified cars and Racing cars shall not start or run engines before 09.30 a.m.
3. Timed practice will not start before 09.30 a.m.
4. No tyre warming will be permitted.
5. A 45 min. lunch break shall be provided between timed practice and the timed runs.
6. The timed runs must be complete by 17.30 p.m.

See Section 10 of these supplementary regulations for details of the noise limits. Competitors co-operation with the above is essential if we are to retain the use of this venue. Please help us to provide you with a much enjoyed circuit.

Dogs and spectators are not permitted at this meeting.

HERTS COUNTY AUTO & AERO CLUB

Debden Spring Sprint Debden Airfield, Essex Sunday 9th May 2010

SUPPLEMENTARY REGULATIONS

1. Herts County Auto & Aero Club will organise a National (B) Permit Sprint meeting on Sunday, 9th May 2010 at Debden Airfield (MR: 154/TL567344), Wimbish, Saffron Walden, Essex.
2. The meeting will be held under the General Regulations of the MSA Limited (incorporating the provisions of the International Sporting code of the FIA), these supplementary regulations, and any other written instructions that the organisers may issue for the event.

13. 1601cc and over

Category E: Marque Classes (Log books may be required to comply with MSA regulations)

14. DEWS Speed Series
15. MSCC Techniques Speed Championship
16. TVR Car Club Speed Championship

In the event of more than 6 entries Marque classes may be formed at the Organiser's discretion. These will be listed in the Final Instructions.

(N.B. MSA Blue Book section **K** is not negated by these regulations).

Appendix 1:

Caterham, Westfield, Sylva, Fisher and Lotus 7, Elise, Exige and 340R, Vauxhall 220, X- Bow and similar types/derivatives of these cars.

General restrictions applicable to categories A and E:

Cars must be taxed, insured and MOT tested (where necessary), and road legal in **all respects**. Documentation must be produced at signing-on to verify this. Vehicles in category E that are not road legal (if allowed by the appropriate marque championship) will require an MSA Log book.

CARS USING FORCED INDUCTION - These cars will be classified as having an engine capacity increase of 40%; those using diesel fuel a reduction of 30%, e.g. a 2000cc turbo diesel will be considered to be the equivalent of a 1960cc normally aspirated petrol engine.

Cars with a rotary engine will be subject to a 50% increase in capacity.

In the event of a dispute concerning the compliance of a vehicle to the regulations for the event the onus will be on the competitor to prove the compliance to the organisers.

SAFETY REQUIREMENTS: All vehicles must comply with MSA safety regulations as per 2010 MSA Yearbook section **J5.1** to **J5.20.13** and sections **S10** to **S15.2.1** being specific regulations for Sprints and Hill Climbs and the relevant sections of **K** as referred to in section **S**.

- 9.** Competition Car Log Books will be required for all Hill climb and Sprint cars unless the car is currently taxed and insured for use on the public highway and competing at the event in a road legal condition (**S9.1.7**).
- 10.** Silencers: All vehicles including single seaters must be fitted with silencers at all times and these must reduce the noise produced to below the maximum quoted in the MSA blue book **J5.18.1** to **J5.18.11**. An Environmental Scrutineer will be in attendance and will test all vehicles at two thirds maximum RPM - this will be carefully monitored. Any car judged to exceed the noise limits will be excluded.
- 11.** Competition numbers. These must be shown on both sides of the car. Numbers on cars not transported by trailer **MUST** be removed before leaving the venue. The organisers will not supply Numbers. Where a car is double entered the numbers not applicable must be completely masked, if this is not done the MSA time keepers may not give a time and in that case a rerun will not be permitted.
- 12.** Timing: Competitors are reminded that all vehicles must be fitted with a timing strut accordance with MSA Technical Regulation **S10.9**. Vehicles shall be fitted with a vertical timing strut mounted so that no other part of the vehicle may cut the beam first, even if the vehicles not square to the line. This is mandatory.
- 13.** Starting: Cars will start singly when the preceding competitor has cleared the two way section of the course. The starting signal will be a green light. Timing will be automatic and will commence when the light beam is cut. Any competitor who makes a premature start or rolls forward into the timing beam will not be entitled to a re-run. The start line marshals cannot be expected to hold any vehicle to prevent its creeping forward.
- 14.** Finish: The finish will be indicated by a 'FINISH' board. Timing stops when the finish light beam is cut. Competitors should slow down to 10 mph as soon as possible after the finish, and in any case before returning to the paddock area.
- 15.** Course: The length of the course is approximately 1.1 miles, consisting of right and left hand bends and a chicane on tarmac. Each competitor will have two practice runs, two timed competition runs the better counting for an award. Time and weather permitting, a third non competitive timed run may also be given.
- 16.** Markers: Times will be subject to a 5 second penalty for each and every course marker struck during a timed run. No time will be recorded for competitors who take the Wrong Route or put Four Wheels Off the indicated course. All course marshals will be judges of Fact in respect of penalties.
- 17.** Practice: Competitors will have the opportunity of two timed practice runs. No convoy run will be given; competitors are expected to walk the course prior to the drivers briefing.
- 18.** No other practice or tyre warming will be permitted.
- 19.** At the discretion of the organisers a driver can enter more than one car (**S9.2.3**). A car may be entered twice by two different drivers (**D17.1**).

20. Protective clothing: MSA approved Helmets, Race Overalls and Gloves must be worn by drivers while on the track. All these items must be produced for inspection and approval at scrutineering (**S9.2.1 and K9-K11**).

21. Awards will be presented as follows:

Fastest Time of the Day	A Special Award
Fastest in each class.	First Class Award
Second Fastest in each class (min. 5 cars).	Second Class Award
Third Fastest in each class (min. 7 cars).	Third Class Award

* A first in class award will not be given in the class that contains FTD

Best Presented Car (Chosen by Scrutineers)	A Special Award
--------------------------------------------	-----------------

At the discretion of the organisers, a Special Award will be presented to a HCAAC member for Best Performance.

All awards must be collected at the end of the Meeting and are perpetual.

Classes may be amalgamated at the discretion of the organisers, the minimum for each class is 3.

22. Results: Provisional results will be published as soon as possible after the final run.

Protests and appeals should be in accordance with **H35, C5 and C6**.

Final results will be sent by email or post (if selected on the entry form) within 14 days of the event and added to the HCAAC website www.hertscountyaac.co.uk.

23. Entries: The maximum is 100, the minimum is 60. Refunds will be made if the meeting is cancelled. Up to midday Wednesday 5th May, if the Entries Secretary receives notification that the entrant is withdrawing, the fee will be refunded (less £10 to cover admin. expense).

24. The entry list opens on publication of these regulations and closes at midday Wednesday 28th April, or when the maximum entry has been reached, whichever is sooner.

25. The entry fee is £70.00. Cheques should be made payable to: "HCA & AC Ltd."
